All Sides(By Associated Press)
WASHINGTON, Aug. 13.—Seeking
to hurry army service extension
legislation to President Roosevelt, Democratic Leader Barkley
said today he hoped the senate
would accept tomorrow the house-
approved version of the measure,
which was passed last night by the
narrow margin of a single vote.Barkley said he was canvassing
the senate in an effort to have a
majority present tomorrow for action
on the legislation, which would provide an additional 18
months of service for selectees, national
guardsmen, reservists and enlisted
men.

Passes by One Vote

House action came at the end of a
tumultuous day.Tempers frayed by the rough-
and-tumble debate of a ten-hour
session, the representatives burst
into a roar when Speaker Rayburn
ended the dramatic suspense of the
final roll call with the announcement
that the legislation had been
approved by a record vote of 203
to 202.A shouted demand was made—
and granted—for a formal re-
check of the vote. It disclosed that
the first result was correct."The vote stands," declared Ray-
burn, "and the bill is passed."There was more tumult—cheers,
reel yells, boos and catcalls. Ad-
ministration forces had won but it
was a close thing.Thus the house joined the senate in
approving the war department's
consistent requests that congress au-
thorize selectees, national guards-
men and reserve army components
to be kept in training for a total of
30 months instead of 12, and
that it remove the 900,000 maximum
on the number of draftees that
might be called up in any year.

Expect Action by Weekend

Final congressional action by the
weekend on a compromise between
the almost identical senate and
house bills was expected on all
sides—but the unusually close house
vote raised several questions of
precedent.The normal course would send the
measures to conference with each
chamber being required to vote on the
compromise version. That would
mean that the administration
would have to run the risk of being
defeated in the house.

primary elections throughout
Columbiana Tuesday as voters
nominated party candidates for
the general election next November.Contests featured the voting in
some cities and villages. Still other
nominees were chosen without op-
position. In a number of cases,
"write-in" candidates received suffi-
cient votes to insure their nomi-
nation.

Nominated By Three Votes

At Leetonia, a Democratic strong-
hold which rarely has a Republican
opposition, John A. Rose was nomi-
nated for mayor on the G. O. P.
ticket when he received three
write-in votes. It was the total
party vote, there being no other
Republican nominees. The Dem-
ocratic vote total was 187.Major John A. Arnold, unop-
posed on the Democratic ticket,
polled 156 votes. Paul A. Sevenich
(D) received 145 votes to defeat
Lester E. Fisher (D), with 45, for
village treasurer.John Hall, Jr., Joseph Hunt and W.
J. Kegelman were nominated for
the board of public affairs on the
Democratic slate.Democratic council nominees,
who had no opposition, are Lawrence
F. Berg, Walter Toudot, Joseph
A. Sevnick, Clarence Barnes,
Andrew J. Duko and Carl H. Van-
ian.

Rauch Lisbon Winner

Major G. Cecil Rauch, real es-
tate broker, won a sixth term Re-
publican nomination at Lisbon, de-
feating Clyde V. Hadley, a garage
operator. The vote was Rauch 443,
Hadley 174. The Democrats did not
have a ticket and while several
persons were written in as mayoralty
nominees, thus lacking the re-
quired vote percentage. Charles
E. T. Darcy received four
votes each. Lloyd Binsley and W.
D. Gibbons received three apiece.
The total village vote was 627.The six present councilmen were
renominated. They include H. G.
Arter, Clarence Ball, Edward Helm,
L. H. Johnson, Charles VanFossan
and William Virden.

GERMAN DRIVE

Grave as Nazis Claim
Advances

(By Associated Press)

Russia's Red armies appeared to
have all but lost their grasp on
the western half of the Ukraine be-
low the Dnieper river today as
German troops smashed from three
directions at the great port of
Odessa and suicide rearguards
fought bitterly to cover the Soviet
retreat to the Black sea.A British war office spokesman
acknowledged that the Russian pos-
ition in the Ukraine had deteriorated
rapidly, and the Soviet high
command was ominously silent on
the climatic struggle.Russian quarters in London, how-
ever, declared that if the Germans
entered Odessa and Nikolaev, 65
miles east, they would find only
the smoking ruins of demolished
factories and empty streets—ghost
cities left in ruins under Premier
Joseph Stalin's order for a so-called
scorched earth campaign.Thousands of Russian tanks, great
masses of infantry and tens of
thousands of hard-riding Cossack
horsemen. Soviet sources also said,
were hurling more counter-attacks
against Field Marshal General von
Rundstedt's advancing Germans.While the situation was undoubt-
edly grave for the Russians, qual-
ified observers said that the loss of
the lower Ukraine, even the capture
of Odessa and Nikolaev, would not
be a decisive blow to the Soviet.It was pointed out that the richest
prizes still lie beyond the Dnieper
river, to the east, where the big
industrial centers are located. Most
of the lower Ukraine, now being
overrun by the Nazi invasion armies,
is an agriculture-producing coun-
try, while the treasure vaults of
iron, manganese and other war ma-
terials are in the east.The financial guarantee of the

THE THIRD FRONT

Hitler's military strategy has been built on the theory of hitting in one place with all his strength and blasting one enemy at a time with the full force of the Nazi war machine. If Germany is compelled to fight in two or more places at the same time, then the whole scheme is broken up.

When Russia was invaded large units of the German army were withdrawn from other regions and the main strength of the air force was put into the fight beyond the Russian frontier. That is the reason why the R. A. F. raids over German territory have been so successful and so comparatively cheap.

Now, unless all the experts are wrong, England is about to open another active military front somewhere along the Mediterranean. Most of the German troops have been withdrawn from North Africa, leaving only the Italians whom the British found so soft on their first drive through Libya. Concentration of troops and other power indicate that Britain is getting poised for another swift stroke while Hitler is engaged in Russia.

There is still a third front which is causing Germany as much trouble and using as much manpower as an active battle and that is the unrest and hatred in many of the conquered peoples. Not a single one of the countries conquered by Germany has been subdued. Through the censorship imposed on all of them come reliable reports of opposition and sabotage which forces Germany to keep large armies in all of the occupied territory. This is exactly the same as a third fighting front for it means that a tremendous force of soldiers must be immobilized and Hitler's reserves in men and material needed for battle must be retained for guard duty in the midst of a subject but hostile people.

As long as the men of Poland and Norway and Greece and Jugoslavia and the other captive nations refuse to accept Hitler as more than conqueror they are fighting for democracy and maintaining the third front which the Germans dread.

REWARD OF APPEASEMENT

While Russia was trying to appease Germany it sent, among other things, 1,000,000 tons of oil including lubricants and aviation gasoline to Germany. Today that same gasoline or the equivalent is sending German planes to bomb Russian cities and lubricating tanks for their drive across the Ukraine.

The picture is one to make Americans stop and wonder what Japan is doing with the oil, the scrap iron and other war necessities we have been pouring into the bristling and belligerent island kingdom.

Japan is peculiarly dependent on other countries for the supplies of war. She has built up a strong reserve while the United States and other nations practiced appeasement. These reserves must not be increased so long as the Japanese wave the sword and threaten world peace for each shipment of war supplies means that Japan could fight just that much longer and that much harder.

JUNIOR'S ANNUAL CHECKUP

This is the time of year for the most important inspection around the house—the annual checkup which careful parents make on the health of their children.

School will be starting in a month and before it begins those little physical defects which are so likely to make their appearance should be corrected.

Many parents wisely have a complete physical examination every summer. It often finds and corrects things which might cause trouble later. Dentists also are busy fixing up those little imperfections which grow into larger ones if neglected.

A visit to the doctor and dentist now may avoid loss of time from school later in the year. It pays returns either in locating and correcting trouble or in the satisfaction which comes from professional assurance that none exists. In either case it is well worth the trouble.

THE STARS SAY:

For Thursday, August 14

Matters old and new continue to forge ahead with satisfactory promise, judging by interesting planetary testimonies. The mentality will be found keyed to high powers of initiative and enterprise, with business, financial and professional activities moving on to satisfactory goals. Perhaps legal or property interests may enjoy increase and stability under an expansive and solidifying astral influence. It is propitious for seeking security and position, as well as prestige and personal popularity, but sign all writings with caution and in intimate contacts use prudence, shunning all excesses and indiscretions.

If This Is Your Birthday

Those whose birthday it is may anticipate a year of sound and expansive conditions with all affairs moving on to enduring success and financial security. Property values may increase and gain stability, while the legal, professional, or social standing may be happily enhanced. But social and intimate relations demand circumspect conduct, while writings, signatures, etc., call for particular attention, lest there be loss, trickery and disrepute or gossip.

A child born on this day will have splendid mentality and business energies, with much promise of success, although its career may be negatively by one want of principle, as well as social indiscretions or personal excesses.

By DeWITT MACKENZIE

French Chief of State Petain hasn't yet disclosed to an anxious world whether his government's collaboration with Hitler contemplates military support, but it is quite clear that his move is wholly inimical to allied interests and constitutes a potential, if not actual, menace to the western hemisphere.

Certainly the possibility of military cooperation is indicated in the fact that the Vichy government has pledged itself to a new order which is being established by force.

The point of immediate concern to the Allies and the Americas is whether Vichy intends to give the Nazis access to strategic bases such as Dakar and the French possessions of North Africa, thereby vastly strengthening the German hand in the Atlantic and the Mediterranean.

The Allied cause may hinge upon this issue of colonial bases.

The more remote threat to the western hemisphere is recognized in the report that the United States is negotiating for an air-base in Brazil to offset any Nazi move against Dakar. Brazil provides the nearest land approach to Dakar, which is 1,620 miles across the narrow part of the south Atlantic.

The Allies still have hope that General Weygand, commander in chief of the French colonial forces, may refuse to surrender bases to the Germans even if he is ordered to do so by Vichy. It has been widely believed that this represented his frame of mind. However, that's another of those doubtful situations which time alone will clarify.

ONE IN TEN HAY FEVER VICTIM

So You'll Have Company, Says Dr. Clendening

By LOGAN CLENDENING, M. D.

The victim of hayfever this time of year sings a doleful wail, "Why should I be me?" It is estimated that those subject to hayfever constitute about ten per cent of the population. I think in the Middle West, where the ragweed flour-

Dr. Clendening will answer questions of general interest only, and then only through his column.

ises, the proportion is higher, but at any rate there is some point in the victim's wail because why should nine be entirely free from symptoms, and only one suffer? From all my readings of the latest treatises on the subject, I am not sure that there is any satisfactory answer.

We know certain external facts, but we do not know the explanation of them.

The observed facts are: the ten per cent referred to are known as allergic. This means that they are sensitive to the pollen of certain plants, to their body cells, particularly in the eyes, nose, throat and bronchial tubes, respond with a violent inflammatory reaction of the presence of these pollen.

Hayfever Hereditary We know that the condition is hereditary, and the peculiar reaction of these cells is transmitted from one generation to another. Another fact is that at this season of the year, the chances are all in favor of the cause being the wild plant known as ragweed. This is a non-flowering plant which throws out an enormous amount of fine pollen grains. It is non-flowing because it depends upon the wind rather than insects to distribute its pollen for fertilization purposes.

In one of our Mid-Western cities, it is probable that the daily amount of pollen in the air in the hayfever season would make a pile as high as an office building.

Can Identify Ragweed Victims We know also that the victims of ragweed hayfever can be recognized and identified by injecting

Auxiliary Delegates Are Selected

American Legion auxiliary members, at a picnic meeting in Centennial park last night, named delegates to the annual state convention in Youngstown next Saturday through Tuesday. They are Mrs. Charles Kennedy, Mrs. W. J. Seeman and Mrs. Ralph Sturgeon.

Reports of work in their departments were made by Mrs. James Helm, child welfare chairman, and Mrs. Ray Cuthbert, rehabilitation chairman.

Mrs. Russell Burns appointed two committees, as follows: Nominating, Mrs. Lloyd Hanna, Mrs. Helm and Mrs. Everett Rich; and auditing, Mrs. H. F. Wykoff, Mrs. Kennedy and Mrs. Elwood Calvin.

Plans were discussed for a benefit in September, to be in charge of the social committee, headed by Mrs. Cuthbert. Mrs. E. K. Cunningham will act as chairman of the benefit.

On Sept. 9 the auxiliary will meet at the Legion home to elect officers. Lunch will be served after the session.

Couple Married In Michigan

Announcement is made here of the marriage of Mrs. Loretta Gladwin of Lansing, Mich., to Rev. H. O. Spelman of South Haven, Mich., at 10 a. m. last Wednesday in Ann Arbor, Mich.

The marriage was performed by Rev. Evans, retired Congregational church pastor, of Ann Arbor.

Rev. and Mrs. Spelman left for a wedding trip in northern Michigan after the ceremony. They will spend the summer in New Haven and the winter in Lake Worth, Fla.

The couple were honored at a dinner Tuesday evening at the home of the bride's niece, Mrs. K. F. Gibson in Detroit.

Mrs. Spelman is a sister of Mrs. Harry Clay of E. Sixth st.

are subject to fines of \$25 to \$100, each day's operation being a separate offense. Weighers, samplers and testers operating without a license are subject to fines of \$10 to \$100, each day's operation being a separate offense. Non-compliance with other regulations of the director subjects the offender to a fine of \$25 to \$100.

Other laws effective tomorrow include:

Exemption of newspapermen from requirements of divulging their source of information on which news stories are based from before courts and grand juries:

Authorizing municipalities to issue bonds for construction of new bridges or repair of old ones on state highway systems within the corporation when the state highway department declares the necessity for the new construction or repair;

Authorizing county commissioners and the state highway director to construct and maintain roads connecting an old location with a new one.

Authorizing cities and counties to issue notes to participate in the food stamp plan for surplus foods distribution by the federal surplus commodities corporation;

Extend the Milroy act authorizing local sub-divisions to fund any relief deficits they may incur this year;

Authorizing county election boards to order registration by county or district; (state election officials said few county boards were expected to employ this authority at once).

Only one county, Trumbull, is contemplating the establishment of county-wide registration immediately, election officials said, although several are considering registration of voters in heavily populated districts.

Present law requires registration in cities of 16,000 population or larger. Smaller municipalities may establish it by popular vote.

LISBON, Aug. 13.—A committee has been formed from the WPA Adult Education teachers of Columbiana county, for the study of the increase in commodity prices. Porter Aiken, director stated today in announcing the findings of the committee.

Approximately 159,348,000 bushels of corn will be harvested, averaging 49 bushels an acre. The record average of 50 bushels an acre was set in 1939. The 1940 corn crop totaled 120,750,000 and the 10-year average was 139,955,000.

The estimated winter wheat harvest of 49,700,000 was an increase over last month's forecast. The average yield an acre was set at 25 bushels, highest since the yield of 29 bushels in 1931. Last year's harvest was 42,077,000. Oats were expected to average 42.5 bushels an acre, 1.5 short of the record of 1940.

Estimates of other crops, compared with 1940 yields (in parentheses) include:

Commercial apples 7,264,000 bushels (5,074,000); pearse 996,000 bushels (816,000); grapes 28,100 tons (37,500); sweet cherries 480 tons (380); and sour cherries 8,610 tons (6,800).

Forecasts for other crops with 1940 yield in parenthesis were:

Camera Catches Logger in Spectacular Fall

Don goes up

Look out below

Knocked out but okay

Loggers in the northwest had a carnival at Seaside, Ore. Don Dixon got a bit kittenish and began climbing up a guy wire hand over hand. When he reached a height of about 65 feet, he hung by his legs. The crowd liked that. Then, all of a sudden, he slipped and dropped, landing on the top of an automobile. He was rushed to a hospital. An hour and a half later he walked out of the hospital, none the worse for his experience. Tough guys, these loggers.

Cardinals Back On Top; Beat Cubs As Brooklyn Drops Two

OUT FRONT BY 1½ GAMES; DODGERS LOSE TO GIANTS

Nearly 40,000 Jam Into Ebbets Field to See Favorites Beaten

JUDSON BAILEY, Associated Press Sports Writer.

The sizzling St. Louis Cardinals are back on top of the topsy-turvy National league today with a head of steam like the locomotive of a fast freight.

They won their fourth straight contest and spurred to a game and a half margin over the Brooklyn Dodgers yesterday just before rolling out of St. Louis on probably the toughest touring itinerary of any big league club this year—a 19-day trip that will take them all over the league before they get back home on Labor day.

It was the eighth time the circuit lead had changed hands since the last of April.

The Dodgers were dumped 8-5 and 2-6 in a doubleheader by the New York Giants while the Redbirds battled to an 8-7 decision over the Chicago Cubs.

A crowd of 39,145 Brooklyn fans, second largest ever to squeeze into the 34,000 capacity Ebbets field, turned out with the expectation of seeing the Dodgers massacre the Giants. They had won eight straight from New York and the Terrible Terrymen had been pretty terrible recently.

Instead they saw the Giants blast Whitlow Wyatt off the mound with only one out in the first inning of the first game, stride on to victory with Master Melvin Ott hitting two three-run homers, his 20th and 21st, and then capture the nightcap on the magnificent three-hit pitching of Cliff Melton.

The affair at St. Louis was a see-saw struggle with each team using four pitchers and the Cubs outlasting the Cards, 16 to 15. Johnny Mize hit a three-run circuit blow that broke a tie in the third inning, but the outcome eventually hinged on Frank (Creepy) Crespi's fourth hit of the day, a single scoring two runs in the eighth.

The Phillips nosed out the Boston Braves, 2-1, in 13 innings in the only other National league engagement.

In the American league, perhaps the most noteworthy item was Bob Feller absorbing his ninth defeat. The Detroit Tigers downed him 2-0, in the opener of a doubleheader to stretch Cleveland's losing streak to six. But the Indians battled back to win the second session, 4-1.

The New York Yankees broke up a pitching duel between Dick Newcomb and Spud Chandler with four runs in the eighth to beat the Boston Red Sox, 4-0. Chandler held the Red Soxers to six hits.

The St. Louis Browns and Chicago White Sox struggled 14 innings to a 6-6 tie before darkness intervened. The Browns built up a 6-0 lead off Bill Dietrich, and then lost it in the fifth and sixth frames.

Washington whipped the Philadelphia Athletics, 9-3, with Buddy Lewis driving in five runs on two homers.

Breezy Briefs Of Sport From Brietz To You

BY HUGH S. FULLERTON, JR. (Pinch-hitting for Eddie Brietz)

NEW YORK, Aug. 13.—Personal notes: Joe Sherman, Clemson drum-beater who is here seeing the town and talking up the Tigers, figures the draft won't hurt college football this year.... Says Joe, all the teams may be hit, but no one is liable to suffer much more than the others, and besides it may be a lot more fun if they have to play a lot of sophos who don't know all the answers and are willing to try anything.... Joe DiMaggio was seen at a Long Island spot the other night playing the machine that shoots balls at a batter—and hitting ought for fifteen.

He diddle diddle the cat and the fiddle

The Dodger fan climbed up the wall. He wanted to laugh at the Giants' fate

But all he got was a fall.

Curious But Correct

Freddie Cochrane, the new welter champion, is not the first boxing champion to enlist.... Mike O'Dowd, who won the middleweight crown in 1917, volunteered for combat service and turned down a boxing instructor's job to serve in the front lines in France.... Two Minnesota linemen, Don Nylinder and Bernie Nelson, are working this summer as linemen for a telephone company.... Asa Howlingwolf, the Oklahoma amateur heavyweight, was turned down by the air corps because of ear trouble.... No wonder.... When Tom Stitham, Marquette coach, said he might have to use a four-man line this fall because of a player shortage, one paper headlined: "Stitham plans football innovation—four-man line."

Ritchie Allows Only Three Hits As Mullins Shut Out Porcelainers

Dale Ritchie hurled Mullins to a three-hit shutout over the Sanitary, 6-0 last night with only Bill, White and Burton able to solve his offerings. Gabby Guappone led it Mullins batting by poking out three hits in three trips for a perfect night at the park.

The Electric Furnace sent the SWOC into its third straight loss as they stretched four hits into nine runs as against seven runs from ten hits for the losers. Griffith was the winning pitcher, Wright the loser.

Church League

The Christians nosed out the Trinity, 14-13 in an evenly played contest that saw each side pound out eight hits. The Christian win came after a two-run rally in the last inning.

Ritchie allowed St. Paul only two hits as his Baptist mates poled out four to win, 6-0. Only Kleinman and Primm were able to solve his offerings.

Two Ritchie's, pitching last night, allowed only five hits between them and in both cases hurled shutout wins.

pointed marshal by Mayor E. M. Bristow last winter, won the Republican mayoralty nomination from Bristow by five votes.

Corwin C. Nichols won the Republican nomination for mayor of Wilmington. Democrats chose George B. Telfair.

Coxey Loses

At Massillon, Jacob Sechler Coxey, "general" of his "armies" of unemployed in their marches on Washington in 1894 and 1914, finished last in a field of four in the Democratic primary for mayor. He received only 220 votes to the 771 cast for the successful candidate, Mayor Harry W. Lash.

Andrew J. Hamrock defeated

Mayor Anthony F. Pacella of Campbell for the Democratic mayoralty nomination Tuesday, in one of the closest primaries in Campbell history. Hamrock had 2,668 votes; Pacella 2,592, and Joseph T. Moore 55.

On Protest Committee

WASHINGTON, Aug. 13.—Rep. Thom (D., Ohio) has been named on a committee of representatives protesting curtailment of production in the washing machine and ironer industry. The representatives met yesterday and demanded that any production curtailment be offset by placing of defense orders to avoid unemployment in the industry.
